SUMMER FIELD ASSISTANT POSITION
DEPARTMENT OF EARTH SCIENCES
Faculty of Arts & Science
University of Toronto

Description: The Earth Sciences Department at the University of Toronto invites applications for a Summer Research Field position.

Date: July–August 2019 (flexible hours and flexible duration during this time period, may include 2-6 weeks’ field work in New Brunswick, preparation work, and post-field work documentation)

Responsibilities will include:
- Assist in the acquisition of ground geophysical data
- Collection of rock properties (outcrop and core)
- Multiparameter data compilation (geophysics, geology, geochemistry)

Travel Location: New Brunswick

Qualifications: Earth Science student with courses in geophysics and geology, capability to traverse mountainous and vegetated terrain, lifting heavy core boxes (approximately 25 kg)

Compensation: Transportation costs included, meals and accommodation will be provided on site, + salary (based on time, amounting to approximately 20-30 hours/week)

Notes: Applicants should contact Bernd Milkereit @ bm@es.utoronto.ca or Alzbeta Onderco @ alzbeta.onderco@mail.utoronto.ca

Include a cover letter, curriculum vitae with contact information, email and phone numbers. All qualified incumbents are encouraged to apply; however, Canadians and permanent residents will be given priority.

Posting Date: April 15, 2019
Closing Date: April 23, 2019
Interviews: April 25, 2019
